TOOGOOD TO BE TRUE? This time it isn't!

Welcome home Walter!

We are thrilled to announce our newest yet one of our oldest editions is joining the V.I.P. F&HM family!

After operating a fencing franchise business for 10 years Walter Toogood decided he wanted a change. Walter went on to be an independent operator for just over three years.

It wasn't until he spoke with Justin from V.I.P. Fencing who was a former colleague and who was also trained by Walter that the journey to joining V.I.P. F&HM began.

During conversations at a work site with Justin and Warren, Walter learned more about V.I.P. Home Services Fencing and Home Maintenance - the more he looked at it the more he liked it!

With a keen interest in the brand and the technology that V.I.P. F&HM use, it was the focused, fair and stable management structure as well as the relaxed and flexible environment that really sparked Walter's interest.

Knowing they would be joining a family friendly business made Jodi and Walter's decision an easy one.

Plus, Walter will be joined by his son David on a part time basis as part of his work experience for VCAL.

Walter will take up the role as a Senior Trainer with V.I.P. F&HM, as training is one of his passions and from the successes we witnessed in the past we know he and his family will be a very welcome addition to our V.I.P. Fencing and Home Maintenance team here in Melbourne!

Welcome home Walter, Jodi and family.
